Teamwork makes the dream work. If you're good at this game, you'll a hundred percent pass the real exam no matter how hard it is.. Now I can get ready for exams on steam 10/10 would cheat again. The game itself is decent, but getting to play it is difficult. I have a fairly beefed up MacBook Pro (2.8 G Intel Core i7, 16GB Memory) but it takes SEVERAL MINUTES to load the game. There's also no status bar so at first I thought my computer froze.. this game is fun and weird. Fun game to play. Very original plot. Not very educational though.. Like all the ways and choices there are to do things. Pretty simple in most ways but fun as it goes on.. Was not very engaging, very easy and and content is lacking, for 6 NZD it's not worth
